## Two Men Die In Auto Accidents

**Sam Angeloff Killed  
Ervin Pelletier Injured**

Sam Angeloff, 24 years old, of Arlington Heights, was instantly killed Sunday evening and five others were injured in an auto collision at the intersection of Elmhurst rd. and Grand ave., east of Addison, in DuPage county. Ervin H. Pelletier, 27, of Arlington Heights, was driving the car in which Angeloff was riding. He received minor injuries to face and legs and was treated at the Elmhurst hospital.

Adolph Grossrau of St. Louis was driving east on Grand ave. and Pelletier was southbound on route 54. With Grossrau was his wife and Mr. and Mrs. Paul Grossrau, also of St. Louis. Angeloff suffered a skull fracture and was dead when Walter Duenn, of Arlington Heights, who was the first to arrive at the scene of the accident, discovered him lying on the highway. Occupants of the Grossrau car were seriously injured and taken to the Elmhurst hospital. The accident occurred at nine o'clock. The DuPage county sheriff's office at Wheaton are in charge of the investigation. Funeral services were held Wednesday afternoon from the Lauterbach and Oehler funeral home in Arlington Heights at one o'clock to the St. Savo Orthodox Catholic church in Libertyville at 2 o'clock. Burial was in the St. Savo cemetery.

Sam Angeloff was born Feb. 3, 1916, at Cambria, Wyoming. He has spent the last 14 years in Arlington Heights. He has been employed by Ringling Brothers circus on several occasions and recently employed by Scolari Brothers, fruit and vegetable dealers, of Arlington Heights. He is survived by his father, Mike Angeloff, and three brothers, Louis, William, and Paul, all of Arlington Heights.

## Village Dads Hold Vacation Meeting

**Let Contract For Resurfacing Streets**

Arlington Heights village board had declared the entire month of August as a vacation for the busy aldermen, but special business arose and a short meeting was held Monday evening for the purpose of resurfacing a number of arterial streets. The bid of Andresen Corporation of \$2,684.30 was accepted as the lowest of the four submitted bids. This bid is for the asphalt application and not for the pea gravel, the bids for which were rejected.

The board granted permission for the creation of two flats of the residences of Wm. Krueger, south Dunton and Mr. Becker on North Belmont.

As it is vacation time, no other business was transacted.

## Guest Of Dr. Reid Is Killed As He Journeys Home

Mr. A. Fornwald of Pontiac, Ill., who was a guest at the home of Dr. H. G. Reid over the week-end, was killed instantly Sunday evening when a tire blew on his car overturning it, near Pontiac, when he was returning home. Mrs. Fornwald had remained for a visit at the Reid home, and thus escaped the fate of her husband.

## Legion Helping Boy Scouts Seek Old Newspapers

Save your old newspapers and magazines.

The American Legion, Merle Gould Post No. 208 assisted by the boy scouts, are conducting a pick-up of old newspapers and magazines early in September.

The proceeds of the sale of these papers are to go toward the reestablishing of the dental clinic, a project of the Arlington Heights public health committee.

All citizens of Arlington Heights can cooperate in this worthy cause. Call Arlington Heights 142 or 218-M and give your name and address if you wish the boy scouts to call for papers or magazines.

## Son Outlines Educational Trip For Parents

When it came time for the Geo. Gaare family, 518 South State rd., Arlington Heights, to plan its vacation, dad and mother had nothing to say about it. Their son, George, had the vacation route planned for them.

As a student in high school, he wanted to combine "business with pleasure." The first stop on the tour was the white pines forest, near Oregon; then New Salem and a visit to Springfield, where he assimilated a lot of Lincoln lore. A concession to his parents he took them to Turkey Run for the last few days of the trip.

## Official Life Saving Tests Next Week

**Red Cross Selects Arlington Pool For Safety Courses**

Official Red Cross life saving and water safety tests will start Monday afternoon at 2:30 and extend to 5:30 at the Arlington pool and continue daily including Friday. Both juniors and seniors can participate in the course, which was outlined in the Herald of August 9.

Daily class attendance is required. A fee of 10c a person is charged daily regardless of age.

The course will include water safety, small craft safety in which a canoe and surf board will be used to show the right and wrong way of handling these craft. There will also be equipment rescues and swimming rescues.

All instruction is free. Persons satisfactorily completing a course will receive the American Red Cross Life Saving and Water Safety certificates, and will be eligible to wear the American Red Cross Life Saving emblems and pins.

James G. Brown, staff swim and life saving instructor, Chicago Red Cross, has been assigned to the Arlington Heights Park District.

For men, women, boys and girls must be in sound physical condition.

Ages, seniors, must have passed their 17th birthday; juniors, not less than 12 or more than 16 years of age.

This is part of the program inaugurated by the National Red Cross to reduce drownings. Approximately 100,000 persons complete these courses each year, thereby creating a greater margin of safety for each and every one of us when we are in or on the water.

Arlington Heights Park District Pool is the only place in this vicinity that these courses will be offered this year. Mail or present your entry at once to Mr. Hickey at the Field House, or to Elmer Schmitt, captain of the guards, Arlington Heights Swimming Pool.

## Arlington Has Its Own 'Peace' Meeting

**Federation For Peace Finds Little Interest Here**

Arlington Heights had a "peace meeting" Tuesday night at the village hall. In response to invitations from a Chicago organization, a few local citizens attended the meeting. Three persons represented the People's Federation For Peace, which had sent out the invitations.

Printed material was distributed among those present, urging attendance at a mass meeting to be held at the Chicago Stadium on Saturday, August 31. Other leaflets opposed the Burke-Wadsworth draft bill on the grounds that it is contrary to American principles and that there is no need for it.

Questions from the local people present brought out no real information about the sponsors of the Stadium meeting, except that it is being promoted by The Committee To Defend America. By Keeping Out Of War. No names of leaders were given.

Other questions elicited the statement that the meeting at the Stadium will be for the purpose of bringing pressure to bear upon Congress. It was said that the sponsors of the meeting had no program to offer but that those who attend will be able to adopt whatever resolutions they may agree upon.

One of the pamphlets passed out at the village hall meeting listed the speakers for August 31. Among them are: Senator Nye, Dr. Townsend, Representative Vito Marcantonio, Max Yergen of the National Negro Congress, and Mr. Michael of the American Youth Congress.

At the close of the meeting, those present were urged to persuade Arlington Heights groups to send delegates to the Stadium and to attend as visitors. It was made clear then that no one at the local meeting felt able to commit any group to participation.

The above report is a news item which the editor of the Herald believes is of interest to all readers. The report is neither a criticism nor a boost for the proposed Chicago meeting.

The Herald believes that Americans are all interested in avoiding war except in defense of our country. Also, it is obvious that many persons with an axe to grind would like to make use of that sentiment to promote their own ends.

The Herald therefore believes that the people of this or any other community should investigate carefully any attempt to enlist their support for an effort to influence the policies of our government. They should know who is back of the movement and what their real aims are. Otherwise we shall be easily misled by the propaganda of shrewd and unscrupulous persons who are not interested in the welfare of our country.

## Everything You Want Right Here In Arlington!

After making the rounds in the Arlington loop this week the Herald is glad to report that whatever it is you need you can buy it right here at home. And that's not all! The Herald observer also discovers that there are some pretty good sales being featured this week.

## August Fur Sale Tops Emerald Shop Store News

Saturday, August 24, will be a big day at the Emerald Shop, where the annual sale of furs head lines the news. Beautiful fur coats featuring the season's newest styles will be displayed and reduced in price for this occasion. The manufacturer's special representative will be in charge of this offering.

The course will include water safety, small craft safety in which a canoe and surf board will be used to show the right and wrong way of handling these craft. There will also be equipment rescues and swimming rescues.

All instruction is free. Persons satisfactorily completing a course will receive the American Red Cross Life Saving and Water Safety certificates, and will be eligible to wear the American Red Cross Life Saving emblems and pins.

## Young Pastor Of Texas Called To Presbyterian Pulpit

At a special meeting held last week, the congregation of the First Presbyterian church of Arlington Heights voted by unanimous acclamation to extend a call to Rev. H. G. McCoy, present pastor of the Central Presbyterian church of Waxahachie, Texas, and formerly pastor of the Altura Presbyterian church of El Paso, Texas.

Rev. McCoy went to Texas after receiving the Masters of Arts Degree from the University of Chicago. Previously he had traveled in Europe and the near East, on a fellowship awarded him by the Presbyterian Theological Seminary at Chicago, where he took his Bachelor of Divinity Degree. Rev. McCoy prepared for his specialized study in religious work at the College of the Ozarks, from which he received his Bachelor of Arts Degree.

He is recommended highly by the officials of the Chicago Presbytery, who particularly praise his leadership of a wide variety of church organizations and activities for both children and adults among members and friends of his pastorate. They also compliment him on the financial soundness achieved by his churches during his period of service.

His wife has many friends and acquaintances in Chicagoland, having graduated from Northwestern University, majoring in history and literature of religion.

## Arlington Airpilots Enjoy 3-Day Air Tour

Carl M. Behrens, Jr. and Robt. Schmeberger, took part in the state three-day air tour sponsored by Henry Horner last week in conjunction with the state fair. The boys have not received any prizes, but say that the enjoyment which they received was worth the time and expense of the trip.

They met many private pilots, enjoyed many banquets and were only five minutes late in their final landing at the Springfield airport.

Thirty-seven pilots and 90 passengers took part in the flight. There were no accidents and only one forced landing among the 37 planes. Twenty-five of the participants were women, either pilots or passengers.

Springfield was the starting point of the tour. The two from Arlington Heights left home Wednesday, arriving at Springfield from which they left the following day for Joliet.

The second leg of the journey was flown on Friday from Joliet to Quincy.

Quincy to Springfield had a time schedule. The Arlington ship was supposed to time its departure to arrive at the Springfield airport at exactly 10:42. They arrived at 10:47.

Frequent stops were made at intervening airports where large crowds greeted the fliers. They were often treated with non-intoxicating drinks and a banquet was given each evening in their honor. Joint rooms in the hotels gave the opportunity to fraternize with each other.

The local pilots say that they experienced almost every kind of weather, from sunshine to rain and hail. Flying in bad weather was a new experience to these boys. They arrived home Saturday afternoon. Announcement of prizes and awards have not yet been made by the state.

## Re-conditioning Is Theme At Foley's Beauty Shoppe

If you are wondering what you should do about your hair at this season, Foley's Beauty Shoppe has the answer. Their announcement this week tells why re-conditioning is necessary.

## Arlington Food Store News On Pages 2, 3, 4

All leading Arlington food stores use the Herald to list their special offerings every week. Always remember to turn to pages two, three and four of this newspaper when looking for "best buys" in meats and foods.

## Annual Evangelical Home Festival Sunday

The Evangelical Home for Children and Aged of Bensenville will be held this Sunday, August 25. Members and friends of the Evangelical and Reformed churches will have ample opportunity to worship. At 11:00 a. m. a German and English service will be held with the Reverend L. G. Weber of Hinkley, Ill., preaching the sermon.

The Festival service will commence at 3:00 p. m. The Reverend William Rest of Elgin has been engaged as the festival speaker. The Century male chorus, under the able direction of Mr. Orian A. Galitz of Evanston, will sing several religious anthems.

Featuring the afternoon program will be the Arlington Heights Regional softball championship game at 2:00 p. m. The children of the home will present their program at 4:30 p. m. The Bensenville high school band will render a concert at 5:30 p. m., and at 6:30 p. m. there will be community singing led by Mr. Galitz.

You are invited to come and bring your family to beautiful Bensenville. There will be the usual attractive booths. Dinner and supper will be served. Thousands annually attend the Bensenville Festival.

## Arlington Twp. High School Opens Sept. 3

**Students Must Pay Fees And Draw Their Books Next Week**

The Arlington Heights township high school will open Tuesday morning, September 3, at 8:25 a. m. according to an announcement this week by Superintendent A. M. Conger. The high school office will be open all of the previous week from 9:00 a. m. to 4:00 p. m. for all students to pay their fees and draw their books prior to the opening of school. Those students who neglect to obtain their books next week will have to wait until they can be served as the first few days are taken up by the office in registering new pupils. All fees must be paid before any books are issued.

Rental fees for textbooks are \$3.00 per student per year, and the activities fee which entitles a student to attend all general assembly programs and all home athletic games is \$1.00 per year. Some students may require an additional key deposit if they are registered for clothing, chemistry, or book-keeping. All students are required to have a combination type padlock for their lockers, these padlocks being on sale at the school for eighty cents which is at cost.

Those students who reside outside the village of Arlington Heights, but in the high school district, will be provided with an identification card which will permit them to ride on the school buses at no cost to them. The time schedule and routes of the school buses will remain the same as last year.

All eighth grade students were given an opportunity to register for their high school subjects last spring, but any students who expect to enter high school this September and who have moved into the district within the last few months should call at the school office and be registered before the opening of school so that they can start their classes with the other students on the first day of school.

At a meeting of Dr. E. A. Piszczek, Cook County Health Officer and Leonard Dworsky, Sanitary Engineer, and members of the Park Board, the record of swims by children was reviewed, and it was found, upon inquiry, that where a time limit was in effect, as in the case of the St. Mary's Training School and the Boy Scouts no case of sore throat could be found. The St. Mary's Training School had a record of 935 entrances to the pool and the Boy Scouts 400.

Therefore, it was decided at this meeting with the Cook County Board of Health that swims for children be limited to 1 1/2 hours actual time in the pool for the present.

## Attend Wilkie Celebration At Elwood, Indiana

Mt. Prospect and Arlington Heights were represented at the Wilkie notification ceremony Saturday afternoon by County Commissioner William Busse, G. Rex Volz, George Palmer and Mrs. A. L. Folkman. They made the trip by train.

George Palmer was in the thick of the fray. While standing on the sidelines watching the crowd go by, he was pressed into service by an acquaintance who was chairman of the parade committee. He drove the photographic car of the Daily News in which Mrs. DeFer, the first gold star mother in the United States to bring home the remains of her son from France, was a passenger. The car followed the mass colors and preceded the elephant.

Mr. Palmer says it was a wonderful demonstration of a candidate's popularity. Every means were taken for the comfort of the spectators. Large milk trucks were used to supply the water for the public drinking fountains. Barrington high school band was in the parade.

## Judge Neuman Sends 'Big' Catch To Boys At Barber Shop

As we go to press Judge Neumann has forwarded a catch of real fish, which has partly atoned for his previous hoax.

Judge Neuman, who left a week ago on a fishing trip to Northern Minnesota, had promised fish to so many of his barber shop customers that he solved the problem by sending a single consignment to the shop, instructing his friends to call "and get theirs."

One of the latter was Roy Harris, who smilingly asked Earl to show him the catch. When handed a box of sardines that were packed in Maine, Roy did not mince words. As a true fisherman in his own right, who has often visited the waters where the Judge was casting his line, he does not yet understand why Judge Neuman played such a trick on the boys back home. "There are all kinds of fish up there," says Harris, "and there is no reason why he had to send Maine sardines to the home boys."

In the meantime the fisherman who can suggest the best method to get even with Judge Neuman, can get a free shave at the Neuman shop. Roy says that a free haircut is about the worst punishment possible for that barber shop judge.

## Blindness Does Not Prevent Hans Vogelsang From Earning Living

Hans Vogelsang, although blind only three years, has become accomplished in hand manufacture of various articles. He is offering for sale any kind of brooms, brushes, rubber door mats, chenille rugs, belts and suspenders. They are on display at his home, 10 So. Vail Ave., Arlington Heights.

## State Health Officials Investigate Epidemic

An epidemic of sore throat that has broken out in Arlington Heights is no different than has appeared in other communities, according to Dr. E. A. Piszczek, Cook County Health Officer, and Leonard Dworsky, Health Engineer in cooperation with Dr. B. T. Best, Dr. Schimmel and Dr. Meisenheimer, members of the local health board.

Attention of the local physicians was called to the epidemic by the number of sore throats that was being reported by parents. According to the physicians this germ of the disease may exist in a healthy being and only makes itself evident when the resistance of the individual may be lowered by excessive play, swimming, etc.

Arlington Heights Park Board, as a precaution measure, last week called into consultation state and county health officials with the Arlington Heights health board. The official report of their findings appears in the adjoining column.

The doctors are of the opinion that the swimming pool is not in any way responsible for the existence of this epidemic. They recognize that every precaution is being taken by the park board to protect the health of the children using the pool. In order to guard against excessive swimming exercise, during the rest of the season, parents are asked to instruct their children not to remain in the pool longer than 90 minutes.

Reports received from Wheaton, Elmhurst, Lake Zurich, Bellwood, Joliet, St. Charles, Elgin, Forest Park, Des Plaines and other places, bring the information that a similar condition of illness is being reported in those towns.

Limit Swims To Ninety Minutes

At a meeting of Dr. E. A. Piszczek, Cook County Health Officer and Leonard Dworsky, Sanitary Engineer, and members of the Park Board, the record of swims by children was reviewed, and it was found, upon inquiry, that where a time limit was in effect, as in the case of the St. Mary's Training School and the Boy Scouts no case of sore throat could be found. The St. Mary's Training School had a record of 935 entrances to the pool and the Boy Scouts 400.

Therefore, it was decided at this meeting with the Cook County Board of Health that swims for children be limited to 1 1/2 hours actual time in the pool for the present.

## Johnson Leaves Arlington With Tears In His Eyes

If every visitor to Arlington Heights leaves with as much regret as did Fred Johnson, who was in charge of the Harold Willson office and the local Western Union office, the City of Good Neighbors would have a lot of boosters among non-residents.

Perhaps you, a citizen of the town, are not as enthusiastic about the home town as you might be. Here is the way Johnson thinks about it.

Wilmette, Ill., Aug. 20  
Mr. Stuart Paddock,  
Paddock Publications,  
Arlington Heights, Ill.

Dear Mr. Paddock:  
There is a saying that in everyone's life, a little rain must fall. This one particular chapter of my history is sopping wet.

Just at the time when a person becomes acquainted in a swell town, the powers that be move them out.

My decision to return to the Western Union to protect the twelve years service I had with the company, I could not obtain an additional leave of absence from the company without jeopardizing my seniority. Believe me, it was a hard decision to make but the watchdog right now seems to be security. It was quite a wrench to have to leave Mr. Willson, who, in my humble opinion, is one of the sweetest guys living, and don't tell him I said so.

I hope I made many friends in your town and judging from the farewells I received, I left quite a few. Several towns in these United States have held my person within their confines for brief periods but none has taken so big a hold on me as your town. Your slogan "The City of Good Neighbors" should be publicized everywhere. The people there certainly live up to it. To enumerate all the things the townspeople in Arlington Heights did, to make our stay pleasant, would take more space than you use to disseminate the news.

Sayin', goodbye to friends is like having a tooth pulled with the exception being that after the tooth is out, the ache stops. Should I be fortunate enough to visit the Heights again I hope I may be able to stop in and swap a few anecdotes with you. The only thing I ask, and I do this with tears in my eyes; for heaven's sake don't let the Junior editor describe the next Fourth of July fireworks as an "astronomical display." The word is pyrotechnic.

Will close the book now. The reading of it was very pleasant and the void it creates will take time, and plenty of it to fill. May your fair village grow and prosper, but never let the urge to grow change your watchword. Cheerio.  
Fred Johnson.

## Arlington Heights Swimming Pool Is Inspected

Following a small epidemic of sore throats which occurred in Arlington Heights and other communities during the past two weeks, the village board of health under the active chairmanship of Dr. B. T. Best, during the absence of the chairman, Dr. Edward Bauman, and composed of Dr. W. A. Schimmel and Dr. H. O. Meisenheimer, requested an investigation of the epidemic to be made by the Cook county public health unit, a cooperative health agency recently set up by the Cook County Board of Commissioners, Illinois Department of Public Health and the United States Public Health Service.

Dr. E. A. Piszczek, Cook county health officer, and sanitary engineer, Leonard Dworsky, made an investigation which included the swimming pool facilities at the Arlington Heights park pool. Their inspection did not show any conclusive evidence that the swimming facilities offered by the park district were responsible for the sore throats and other symptoms shown by the persons who were ill.

Dr. Piszczek suggested to the village health authorities that in order to take additional safeguards along with the many safety features already provided by the pool, which include constant filtration and chlorination of the water, and nursing service, that a time limit be placed on the swimming period for the young people. This was recommended because it was felt, after investigation, that many of the patients of this outbreak might have lost their resistance to disease due to the fact that they had carried on strenuous activity in the pool for a considerable length of time.

According to the Illinois Department of Public Health, the Arlington Heights park swimming pool meets with their highest standards for sanitary condition, which is a class A-A rating.

Throat and blood cultures were taken on many victims of the outbreak in order to make further studies on the possible source of the outbreak.

E. A. Piszczek, M.D.

## Children Are Protected In Scarsdale

**Signs Installed By Assn. Remind Motorists To Drive Carefully**

When one drives his car in Scarsdale now, he is reminded at least twenty-one times to "Be Careful Please—Children At Play." These reminders, however, appear in the form of attractive and substantial signs, lettering in white on dark blue, and hang on ornamental iron standards.

The purpose of the number of notices is to impress upon the driver the seriousness of driving his car through winding streets where there are no side walks and where children, as well as adults, may be walking.

The number of signs also indicates the determination of the local residents to enforce the "Drive Slow" order, and that they mean what they say.

In line with the progressive policy of the Scarsdale Property Owners Association, these signs were made possible by private subscription on the part of village members, as well as by village aid.

A step of this kind, however, is never taken of its own accord. The Vigilance committee—under its efficient chairman, James Sommers—promoted the idea, and it was because of his earnest effort and hard work that this additional protection for Scarsdale was made possible. He was ably assisted by other members of the Association, who because of their mechanical or artistic ability contributed largely to the good looks of the signs.

## Nine-Day Sale Of Tires Aid To Safe Roads

**Local Goodyear Dealer  
Says Plan Should  
Help Reduce Accidents**

Announced this week nationally by Goodyear dealers in every city and town is an unusual tire merchandising event, centering around the product of a large manufacturer, in the opinion of Elroy Winkelman, local dealer, who says that for nine days, starting August 22, Goodyear G-3 All-Weather Tread tires are being offered at new, low prices in an out-of-the-ordinary type plan.  
"Few people need an introduction to the tire, which for years has been used by thousands, appeared as original equipment on many cars and has wide acceptance among car owners, who for years have been familiar with its attractive qualities and long wearing abilities," Mr. Winkelman said. "That's why this opportunity is all the more interesting to motorists."

Asked about the price on a 6.00-16, the size tire which 70 per cent of the cars in service now use, Mr. Winkelman said this would be \$9.99 for the nine days of the sale, adding that it would be the only time this year the tire would be sold at that figure.  
"I been applied for reason as to why the tires were being offered at the price, Mr. Winkelman said: "All of the G-3 All-Weather tires are affected during the sale, with prices varying from \$9.99, but at considerable saving. Reason for this sale is to contribute to the safety of highways, to give motorists a break in buying tires with treads that will really stop a car. "Wet weather is just ahead, you know, and slippery roads demand tires that will stop, for safety's sake. Skids are the first cause of a majority of accidents."

"We are interested in putting good tires on cars now, when they can be seasoned well, so in cool weather they will provide up to 20 per cent more mileage than if they had been applied during the extremely hot weather."  
"We are ready and willing to make inspections of anyone's tires to be sure they are highway safe. And there is no obligation involved. America's motoring death toll can be cut drastically by adoption of safety measures and good tire equipment is a logical place at which to start."

## CHRISTIAN SCIENCE CHURCHES

"Soul" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, August 18.

The Golden Text was, "Come and hear, all ye that fear God, and I will declare what he hath done for my soul" (Psalms 66:16).  
Among the citations which comprised the Lesson-Sermon was the following from the Bible: "My soul, wait thou only upon God: for my expectation is from him. He only is my rock and my salvation: he is my defence: I shall not be moved. Trust in him at all times; ye people, pour out your heart before him: God is a refuge for us" (Psalms 62:5, 6, 8).  
The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Soul is the substance, Life, and intelligence of a person; he is individualized, but not in matter. Soul can never reflect anything inferior to Spirit" (p. 477).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Soul is the substance, Life, and intelligence of a person; he is individualized, but not in matter. ## GEMS OF THOUGHT

### Light of Religion

Light is sown for the righteous, and gladness for the upright in heart.

—Psalms 97:11.

It is mind, after all, which does the work of the world.

—Channing.

Materially minded men and women don't really unite; only through spiritual unity can people progress.  
—Lady Astor.

He who sees clearly and enlightens other minds most readily, keeps his own lamp trimmed and burning.

—Mary Baker Eddy.

Let your religion be seen. Lamps do not talk, but they do shine. A lighthouse sounds no drum, it beats no gong; yet far over the waters, its friendly light is seen by the mariner.

—Cuyler.  
Walk in the light and thou shalt see Thy path, though thorny, bright; For God, by grace, shall dwell in thee, And God Himself is light.  
—Bernard Barton.

## NOISY MOTORISTS IN ARLINGTON HEIGHTS

The Herald received recently a letter from a local resident complaining that Arlington Heights is a "bedlam of noise blowers." He writes, "A driver who uses his horn instead of his brake, has no business driving a car."

Accompanying the letter was a clipping from a Chicago newspaper voicing similar opinions regarding Chicago horn blowers. Unwarranted horn tooting has been known to cause accidents and even deaths to startled pedestrians.

One correspondent advocates that the police declare war against horn tooters who use such a method to announce arrival, or to summon friends.

Is the charge well founded that there is a bedlam of horn blowers in Arlington Heights. The Herald will be glad to receive opinions of local residents.

## VOICE OF THE PEOPLE

Palatine, Aug. 20  
Quote, "During the week the United States Department of State has renewed the reciprocal trade agreement with Russia on the same general terms that were originated in the highly condemned 1937 treaty, with this one added feature that the Kremlin may cancel its promise to buy at least \$40,000,000 in merchandise here whenever it sees fit."

It had been hoped that Secretary Hull would, by this time, have re-

cognized that the Pennsylvania anthracite industry was in sore need of every last pound of outlet for its superior product and should not have to compete, particularly in New England, against enforced or slave labor produced Soviet coal. The extended treaty continues to permit Joe Stalin to ship 400,000 tons of his convict anthracite to these shores. The fact that he has been able, due to the unholy alliance he made with Hitler, to get less than half of his allotment here in the past year is quite beside the mark. The principle of the matter is that the American people, labor, capital and most consumers deeply resent, and we think will register that resentment when time occasions, any recognition of Red products produced under the Red lash when offered in competition with American industry.

The above quoted intact from the Black Diamond of August 10, 1940, being interesting to the writer account the numerous comments we are hearing on every hand about so-called "red activities" in this country. I believe the first thought occurring to the average American would be that so far as any promise the Kremlin might have made in entering into this bargain would be just another scrap of paper. What do we stand to lose by such an agreement? To say nothing of the 57 million barrels of oil allowed to enter practically duty free in open market competition with U. S. produced crude oil in 1939.

## Carrie Nation Jailed 33 Times

Carrie Nation was the daughter of George Moore of Kentucky. She was married twice, the second time to David Nation, editor of a weekly newspaper. Her first campaign against the sale of alcoholic liquors was made June 6, 1899, when she wrecked a place at Kiowa, Kan. She became known as "Smashing Carrie Nation," but her followers called her "Loving Home Defender." She traveled throughout the United States, Canada, Mexico, England and Scotland and was jailed 33 times. Her last raid was in Union Station, Washington, D. C., and she died soon afterward at the age of 65 years in 1911.

## SCHOOL-TIME Means Study-Time

## Watch Your Child's Eyes

Your child will now move from outside activities and sun light — to the schoolroom where he will be required to concentrate on books under less natural lighting conditions. Are his or her eyes capable of standing the change and possible strain? You owe it to your child's health and efficiency to be sure. If in doubt, better have an examination before school starts.

Mr. and Mrs. Harold Hanson of Minneapolis were guests at the home of Mrs. Hanson's brother and family, the Donald Costains, for a few days this week.

Mr. Carl Nelson of Chicago has been a guest at the Frank Rogers' home for the past week.

Mrs. Ette Hewitt of Boone, Iowa, arrived Sunday to visit at the home of Mr. and Mrs. Lee Atkinson.

Nadine Stearn of Evanston was a guest of Fran Schenberger for a few days last week. When Nadine returned to Evanston, the "gang" went along for a party on the beach and supper at Nadine's.

Barbara McWharther has been enjoying week's vacation at the Volz cottage at Lake Geneva.

## Methodist Sunday School Picnic Saturday

The annual picnic of the Methodist Sunday school will be held this Saturday afternoon at the Des Plaines camp grounds. All those desiring or furnishing transportation are asked to meet at the church at 1:30 p. m.

Each child or family will furnish picnic lunch and coffee and ice cream will be furnished for all. Games and swimming will be on the program for the afternoon. Reduced rates for use in the camp grounds pool are to be allowed to all attending.

## St. James School Opens Another Classroom

St. James school will open another classroom this fall. Another teacher has been added to the faculty. There now will be five regular classroom teachers and one music teacher.

The new classroom has been equipped with new adjustable desks, and all other furnishings are new and bright. The lucky class that will occupy this room is to be congratulated.

Registration will begin Saturday, August 25, and extend throughout the following week.

Pupils entering first grade must have reached the age of six years before February 1, 1941.

## Wife Of Hoover Aide Speaks At Camp Grounds

Mrs. James MacLafferty, wife of the former congressman from Oakland, California, is to be inserted as an extra lecturer between the fourth and fifth programs on the post season series at the Methodist Camp Grounds. She will speak on her sixteen years in Washington at 8 p. m., this Friday, in hotel parlors.

Mrs. MacLafferty and her husband first went to Washington in 1921 at the close of the Harding Administration. During the Hoover Administration her husband was contact man for the president between the Capitol and the White House. She has been a frequent guest at the White House during her years in Washington and knows well a great number of the leading figures in Washington today.

Fascinated by the rank in Washington official life and the vast patterns of precedent and protocol, she launched herself on an inquiry into their origins which led her back through the early days of the nation to the George Washingtons and then back to eighteenth century, English tradition. Her researches have led her to the squabbles and crises in the days of the Adams and Monroes, when frequently all night sessions of the cabinet and diplomatic corps had to decide the ranking of wives and hostesses. In recent years she has studied the inside story of the Gann-Longworth feud. She is preparing a manuscript for a book on this fascinating background of official life.

Her talk will include some of the interesting stories of well known historical figures, up through her own years in Washington and will reveal intimate details of the intricate feminine life of Washington which is often known to pull strings that sway the fate of the world.

For this extra lecture a special charge of ten cents will be made to season ticket holders and fifteen cents for other admissions.

A son was born to Mr. and Mrs. James Hawthorne, 533 South Evergreen, last Saturday evening at the Evanston hospital. The baby weighed seven pounds at birth.

Mr. and Mrs. Albert Nebel and Mr. and Mrs. Fred Kehe attended with Mr. Kumlner, who is there on business.

## On Vacation ---

Mable Pieper, beauty operator at the Foley Shop, returned to her duties this week after spending her vacation at Pickle Lake, Wis.

Mrs. Schroeder, nee Brodman, is expected back from her honeymoon vacation, Monday.

Albert W. Meyer and family of Meyer Dairy returned Saturday from seven days spent at Lodi, Wis., where Albert says he caught a few big ones and lots of small ones. He was accompanied by Mr. and Mrs. H. C. Winkelhake.

Herman J. Meyer and Ray Hotop with their wives are spending a week at Chetek, Wis.

Art Franzen, cashier of the National Bank, returned to his desk Monday after enjoying half of his vacation seated under a poplar tree near the locks at Sault St. Marie. He will take the rest of his vacation when duck season arrives.

Wm. Gronert, assistant cashier, left on his vacation Saturday without saying where he intended to spend it, but a postal card received by Carl Ewert tells of a hectic journey northward during which he was beset by rain, rain and more rain. He has now arrived at his destination, a cottage near Tustin, Wis. He has wired home for his overcoat.

E. J. Harris is looking forward to a trip over Labor Day at Mackinac Island, which was awarded to him by the New York Life Insurance Co., as a prize for his sales record established by him.

G. H. Wilke and family returned home Sunday from a very enjoyable trip into Canada, via International Falls. On their return to the U. S. they had reason to be glad that they were Americans as the Canadian officials were so certain that they were taking contraband out of Canada that they searched their car twice.

## LIONS PICNIC

The reporter does not know how many Arlington Heights Lions attended the picnic at Lake Delavan last Wednesday, are charging that day up to vacation time, but he was able to pick up some sidelights that are rather interesting to the Lions who stayed home.

Lions Conger, Floyd Burns and E. J. Harris have been hearing a lot from their wives about the superiority in intelligence of the Lions wives over the men folks. The wives of the above won the quiz contest. Opposed to them were Lions Levine, Ewert and Harris.

The excuse of the men are: Levine (who left his wife home) was devoting so much time to a charming Barrington lady that he could not give attention to the questions; Harris, of course, would not think of beating his wife, while Ewert simply did not know what it was all about.

Mayor Flentie celebrated his birthday that day and received a corn cob pipe, which he has agreed to smoke at the next Lions club meeting.

Mrs. R. F. Wilke accepted a challenge and took a horse back ride, trusting to the courtesy of her two male escorts that they would not travel too fast—but they did.

The only blot on the landscape was the loss of a grip containing clothing that Harry Knaack left in an unlocked car. "Who would rob a Lion, thought Harry.

Mr. and Mrs. Robert Blackburn left Monday morning for a two week's vacation in northern Wisconsin. Bobby, Jean and Jimmie will divide their vacations between their Grandmother's homes in Wauconda and Chicago.

Mr. and Mrs. Higginson of Chicago were Friday guests of Mr. and Mrs. Harry Sebert, and on Saturday Mr. and Mrs. Wardle of Chicago were their guests.

Mrs. Grace Kumlner and Mrs. John Kumlner motored to Detroit this week to spend several days with Mr. Kumlner, who is there on business.

## Miss Nelda Nebel Bride Of Richard F. Meyer

### Hillside News by LEONA GETNER

Mr. and Mrs. Barney Sargent and family left for Clifton for a 3-day visit with Mrs. Sargent's mother, Elaine, will remain for a visit with her grandmother.

Mr. and Mrs. Elmer Thorsen attended the tenth wedding anniversary of Mr. and Mrs. Ellison at Chicago.

## FIRE PREVENTION Fire From Hot Ashes And Miscellaneous Hazards

Put hot ashes in metal cans only, never in paper or wooden containers nor against wooden floors or partitions. Don't mix ashes and rubbish.

Keep the tops and ovens of stoves free from grease. Thaw frozen water pipes with hot water, not an open flame. Set clothes to dry a safe distance from stoves, heaters or fireplaces, and make sure gas burners are a safe distance from towel racks or curtains. Protect woodwork around and under gas burners. Have all gas stoves connected with solid piping, not a rubber hose. If leaking gas is noticed call the gas company. Do not allow cleaning, polishing or paint rags to accumulate, especially in warm places as they may ignite spontaneously.

Help Mrs. Paul Carroll, membership chairman equal her record of last year, 100 per cent paid membership before the installation of the new officers. She will accept dues at her home, 116 W. Euclid ave. or at the next meeting of the auxiliary, which will be held in Legion House on Tuesday evening, September 3.

Mr. Ernest Tonne, Jr., Chicago and Arthur Kelling, Jr., Arlington Heights, visited their boy friend, Floyd Bauman, Mt. Prospect, who is recovering from an appendicitis operation at the Palatine hospital, last Thursday.

Mr. and Mrs. Herman Lohmann of Templeton, Iowa, spent several days last week visiting at the home of Mr. and Mrs. Roy Lawbaugh, and in trying to see the Cubs play ball. Due to the excessive rain, only one game was played during their visit.

## Friendly Circle Hold Party At Mrs. John Bencic

Tuesday night the Friendly Circle of St. John's church went to Mount Prospect to the home of Mrs. John Bencic for a party.

The circle had been divided into two groups for an attendance contest and this party was given by the losing group. Musical, buncos, treasure hunt and delicious refreshments, made the party a good success.

The service was read in the presence of many friends and relatives at 7 p. m., by Rev. Fricke, before the altar which was banked with palms, ferns and gladioli.

The bride wore a gown fashioned of white satin and lace, with a net veil held in place with a tiara of pearls. She carried white roses. The maid of honor was Miss Viola Mueller, and the bridesmaids were Misses Lorraine Foley, Lorraine Landeck and Lorraine Clausen. They were gowned alike in pink satin, with blue velvet accessories, and carried pink roses. The maid of honor wore blue satin with pink accessories, and carried pink roses.

Lucis Nebel, cousin of the bride and Donald Lussman, cousin of the groom, and Herbert Frank, served as ushers and George Meyer, Jr., was best man for his brother.

Following the ceremony the bridal party had pictures made at Daniels Studio and then joined sixty friends and relatives at the field house, where a wedding supper was served. Later in the evening 150 friends gathered at the field house to enjoy the wedding reception and dancing.

The bride's mother was gowned in green crepe and wore rubum lilies and Mrs. Meyer wore blue lace and a corsage of rubum lilies.

Mr. and Mrs. Richard Meyer are both graduates of the local high school, in the class of '35 and '37, and the bride has been employed as a stenographer at the Lynn Bradstreet firm in Chicago. The groom is employed by the Fireman's Fund Insurance Company in Chicago.

The young couple will make their home at 205 North Evergreen, Arlington Heights.

Mr. and Mrs. Herman Lohmann of Templeton, Iowa, spent several days last week visiting at the home of Mr. and Mrs. Roy Lawbaugh, and in trying to see the Cubs play ball. Due to the excessive rain, only one game was played during their visit.

She's all dusty and frowsy and she's half gypsy, too, With no garden, no home and no true, watchful mate, And only the sun and the winds for companions— I wish she'd just wait 'til I run get my hat—hey, wait! The Queen and her court on a summer's day Went frolicking down thru the fields of hay; The Queen was radiant, young and sweet, And the meadows flowered beneath her feet, Flowered in delicate, lacy swirls. That the courtiers plucked and laid on her curls. "A cap for our Mistress," the ladies cried, And to dack her and pelt her the whole route vied. "Now what more fair for a winsome face?" One asked, and dubbed it "Queen Anne's lace." S'Amuser.

## Community Packing and Storage Means Profits for the Farmer

The "Open Door" in the Background Leads to the Cold Storage Room.

HOW small community packing and cold storage for farm products can be operated by groups of neighboring farmers with profit is shown at the Electrified Farm at the World's Fair in New York, where a model plant is in operation. By this "share-the-cost" plan the investment by the individual farmer is really small compared with the resultant profit and convenience.

In the community building at the Electrified Farm, sponsored by the privately operated electric light and power companies, visitors see the actual process of handling and packing fruit. The center of attraction for farm folk and city folk alike is the fruit cleaning and grading system.

With precision that seems almost human, the fruit grader, for example, finds and drops out all "cider" apples before moving the perfect apples on to the cleaner. The apples pass under a power-driven, oscillating brush-cleaner, while simultaneously a rotary brush whisks them from below. The conveyor then rolls each apple over half a dozen times to facilitate

hand-sorting for bruises or other defects.

After they have been cleaned, the apples are moved on to a mechanical sorter which, with uncanny accuracy, separates them into three sizes, according to grade. Apples packed in this manner command a better market—and better prices.

A new type of potato and onion cleaning and packing equipment is also shown in operation. Even the most tender of new potatoes can be graded on this electrically-driven equipment, for soft rubber rollers on the conveyor prevent bruises and skinning.

Potatoes are sorted in four sizes, the largest being conveyed by a rotary or windmill "bagger" into 15-pound bags. These selected potatoes are made ready for the consumer without rehandling. At the Electrified Farm is also shown how electricity can be profitably utilized in the farmhouse, dairy, workshop, barn, poultry house and greenhouse.

An exhibit you cannot afford to miss at the Fair if you are interested in up-to-the-minute farm practices!

## Clark County Home Captures First Prize, Plaque In Third Annual Governor Horner Farm Floral Competition

The farm home of Roscoe I. Richards, on Route 1 south of West Union in Clark county, pictured above, has been declared the most beautiful in Illinois by judges of the 1940 Governor Horner Farm Floral Contest which closed today. Richards will receive a \$100 cash prize and an official bronze plaque at ceremonies to be held by the Department of Public Works and Buildings and the Department of Agriculture at the Illinois State Fair on Wednesday, August 21. Second place and a cash prize of \$75 goes to Mrs. Joe G. Mallaney, whose home, six miles north of Kan-

kakee on U. S. Highway 45 in Kankakee county, is pictured below, at the right. Third place honors and \$50 will be awarded Henry Moeller whose farm, lower left, is on Route 54 one mile south of Mt. Prospect, in Cook county. More than 2,000 farm owners and operators, representing every county in the state, were entered in this year's competition. The Illinois Federation of Women's Clubs and the Garden Club of Illinois assisted the state in the management of contest details. A total of 135 plaques and \$2,500 in cash were awarded during the contest which got under way on May 15.

## Alien Registration Is A Patriotic Duty Declares Postmaster

The meaning and terms of the Alien Registration Act of 1940 were explained this week by Mr. Ernest J. Krueger, postmaster of Chicago, in a broadcast of the "United States Government Reports," weekly series presenting the Federal Government agencies.

Under the Act, non-citizens residing in the United States must register and be fingerprinted at post offices throughout the country during the period August 27, thru December 26, 1940.

Mr. Krueger said the most reliable estimates available placed the number of aliens in this country at 3,500,000. Failure to register makes an alien liable to a fine of \$1,000 and six months in prison.

Questions which must be answered by the non-citizen at the time of registration include the

length of time he has been in this country and how long he expects to stay; method of transportation he used to get here; description of any military or naval service he has had; and the names of any organizations, clubs or societies in which he participates or holds memberships, along with a description of his activities in such groups.

Relying to criticisms of the law, Mr. Krueger declared that he believed most aliens would register as a patriotic duty, "knowing that by protecting their adopted homeland, they are protecting themselves, their families, and their jobs."

## MANY BENEFIT UNDER OLD AGE INSURANCE

During the six month period ending June 30, 1940, 154 claimants for Federal Old-Age and Survivors Insurance benefits were awarded regular monthly insurance payments or lump-sum settlements in this area, Miss Ellen McGuire, manager of the Social Security Board office in Evanston, reported today.

In making public these figures, Miss McGuire said that the number of claims received from retired workers over 65 years of age and from their wives past 65 exceeded claims from widows and children and other dependents eligible to receive benefits in case of death of the breadwinner.

A total of 106 local claimants were receiving regular monthly benefits in amounts totaling \$2,315.96 per month at the close of the six month period. Based on actuarial estimates of life expectancy, a person awarded a monthly retire-

ment benefit at age 65 may live to receive monthly payments for as long as twelve and three-quarter years. Monthly benefits under the system, however, are payable for life to retired insured wage-earners, their aged wives or widows, and under certain qualifying requirements, to aged dependent parents. Lump-sum settlements awarded during the period to 48 claimants as a result of the deaths of wage earners totaled \$7,789.82. These claimants were not eligible at present to receive monthly benefits under the amended Social Security Act, or were eligible for a lump-sum settlement under the old law as the result of deaths occurring prior to January 1, 1940.

All insurance payments awarded by the Board, the manager said, go to (1) any qualified commercial or industrial worker at age 65 or over, (2) to his wife at age 65, (3) to his children under 18 years of age; or (4) at his death, whatever his age, to his widow at age 65, or (5) if she has young children in her care, (6) to his children under 18 years of age, or (7) in some cases to his dependent parent over 65. Wage earners and their employers share the cost by paying special taxes, and monthly benefits are paid as a right no matter what other income from savings or investments the family may have at the time benefits are awarded.

In addition to the work of investigating and preparing claims for transmittal to the Washington office for adjudication, the Evanston office of the Board is a center of information and service on matters pertaining to the old-age and survivors insurance program. At this office claimants may obtain assistance in obtaining proof of age, birth records, marriage records and other documentary evidence which may be needed in the completion of a claim. Information also is furnished to employers and employees regarding their rights and responsibilities under the Old-Age and Survivors provisions of the Act. The office issues original social security account number cards and duplicates of lost cards. To date more than 50,000,000 such numbers have been issued nationally, Miss McGuire said.

Mr. and Mrs. Richard Spear of Rand rd., Mt. Prospect, announce the marriage of their son, Edward W., to Miss Idamae Obermeier of Wilmette on August 31 at 11 o'clock Mass at St. Francis Xavier church, Wilmette.

The wedding will be a double one with Rosemary Obermeier, sister of Idamae, becoming the bride of Robert Steffens, also of Wilmette.

Ellen Mary Spear, sister of the groom will be Idamae's maid of honor and Thomas Obermeier, brother of the bride, will be Edward's best man.

Rita Lechner, Wilmette, will be Rosemary's maid of honor, and Robert will have his brother, Harvey, as best man.

After the wedding there will be a reception for one hundred relatives and friends at the Wilmette Odd Fellows hall.

## 'Bill' Erickson Day To Draw Republicans Together At Golf Club

The appointment of William Busse, Republican committeeman, as member of the public relations committee of the sixth annual William N. ("Bill") Erickson Day to be held September 5, has just been announced.

The political leader will head a delegation of friends of County Commissioner Erickson, when they assemble at the Pickwick Golf club in Glenview, for an all-day outing of golf, amusements, dinner and refreshments, music and dancing, and floor show entertainment.

Golf facilities and the two 18-hole courses at Pickwick club have been arranged for the thousands of visitors that are expected to throng the grounds during the annual event. Hundreds of awards, both for golf and other events, will be made before the beginning of the elaborate entertainment planned for the evening program.

Judge Harry H. Porter, chief justice of the Evanston municipal court is chairman of the outing which was inaugurated several years ago as a gathering for Evanston precinct committeemen but which grew into general get-togethers for all friends of Commissioner Erickson from all parts of Cook county.

For guests who do not play golf, horseshoe pitching, softball, and other events have been arranged by the program committee. Everybody entering the various contests will be eligible for the hundreds of prizes to be awarded. For the entertainment of women and younger people, a "Midway of Mirth" will be on hand at the Pickwick club grounds. Included in the midway will be amusements of all kinds and booths containing games of skill. A full program of special activities will keep everybody "on the go" during the entire day and evening.

Last year, more than 3,000 persons from all portions of the county attended the outing and even more will be on hand September 5 according to present indications. The date has been set, as usual, after Labor Day in order to provide the opportunity for the greatest number of persons to be present conveniently who look forward to this yearly gathering.

## Shower Given In Honor Of Helen Haas

Misses Ruth Haas and Vera Zinkel were hostesses at a personal bridal shower given in honor of Helen Haas, on Monday evening, August 19.

Many lovely gifts were received by the bride-to-be, who was seated underneath an umbrella decorated with yellow and white streamers, giving the effect of falling rain.

After the gifts were opened, the guests enjoyed themselves playing airplane bunco, prizes going to E. Kieper, Mrs. Christ Busse, Marjorie Baumann, and Mrs. Fred Haas. Others present were Adeline Busse, Sylvia Busse, Dorothy Boedecker, Ann Gromoll, Mildred Haas, Mrs. Alvin Haase, and Mrs. Herman Haas. Refreshments were served.

Helen Haas will become the bride of Harry Hahn of Des Plaines August 31.

# Lauterburg And Oehler's New Hearse

Lauterburg and Oehler funeral home in Arlington Heights took another forward step in providing up to the minute funeral accommodations by their purchase of the latest in funeral cars, the Nu-Three-Way Henney Packard hearse of the black landau type.

Custom built, the hearse is fitted with the first green interior installed by the Henney firm of Freeport.

The new machine is the first to be purchased by a funeral director in the northwest Chicago area. Equipped with an electric hydraulic stabilizer, the hearse permits perfectly balanced riding.

An important feature is the "Singing Chapel on Wheels" device. Appropriate music helps create a lasting impression of beauty and completeness remembered by all attending a properly conducted service.

A public address system has also been installed and can be used in the event of an overflowing crowd to carry the words of the speaker outside the church or chapel or at the cemetery grounds. An electrical device will also move the casket so that it can be lifted from the rear or either side of the vehicle.

## Fast Morning Train To Chgo. Asked By Lions

Palatine Club Starts New Year With Flying Start

At a meeting of the Palatine Lions club last Thursday evening at the Inverness Country club the appointment of a committee was authorized to visit the C. & N. W. railway officials and see if the rail road would not stop one of their fast morning trains at Palatine.

It was reported that many people living in the surrounding territory would take the train at Palatine instead of driving to Barrington to catch it as they now do.

The club also discussed the possible painting of the depot, parking facilities and the removal of dead trees on railroad property.

The club prepared for the coming year by choosing up sides for an attendance contest during the year.

President Gaare issued his committee appointments for the year and the boys spent the evening after the business meeting in many hotly contested card games, some of them running into the small hours of the morning.

The club resumes its regular twice a month meetings with the September gatherings and is all set for a busy season.

## Schaumburg Old Settler's Picnic Sunday, August 25

The Old Settlers Picnic will be held in the Schaumburg Grove on Sunday August 25th.

Mr. Frank Sporleder has been very active in making these Old Settler's picnic a success the last few years and is again sponsoring this affair. All the old timers are invited to attend because we understand there may be a parade and a prize given for the oldest settler in the township. It should prove a gala affair, and the afternoon and evening will be given over to dancing and games.

Heine's band will again be present and play those well beloved old German tunes. There will also be modern music.

## Palatine Scouts Take Part In State Fair Youth Program

A group of Boy Scouts from the Northwest Suburban Council visited the Illinois State Fair this past week-end and participated in the mammoth Youth Day program taking part in the rescue scene and demonstrating fire by friction and flint and steel in the camping and pioneering act.

Scoutmaster John Manz of Troop 9 Palatine who took a group of his Scouts to Springfield was in charge of the Council's part of the program and Scout Executive Donald E. Kyger served on the staff of the pageant.

The scouts from Troop 9 who made the trip were Klaus Timmerhaus, Edwin Schmidt, Edwin Jones, Fred Moss, Clarence Anderson and Donald Field.

Eagle Scouts Stanley Kendall of Troop 11 and Norbert Harz of Troop 11, Park Ridge are attending the Eagle Scout village camp at the State Fair where they will camp the full time of the fair with Eagle Scouts from all over Illinois.

Scouts Wm. Warkentien, Rex Harshbarger of Des Plaines, Jack Mathis, Larry Johnson and Paul Carrick of Park Ridge made the trip with Scout Executive, Donald E. Kyger and spent the week-end visiting points of historic interest in and around Springfield in addition to taking in the fair and participated in the Youth Day program.

They visited New Salem State Park, Lincoln's Home, Lincoln's Tomb, the State Capitol and the State Museum in the Centennial building. They left Friday afternoon, spending that night in Bloomington, camped at the tented city fair grounds Saturday night and returned Sunday evening.

## Palatine Boys Win Prizes At Elgin Fair

Five boys from Palatine entered their projects in the fair at Elgin last week.

Roger Meyer entered his Spotted Poland China sow and two pigs receiving one second and two third place ribbons.

Emerson Sander received fourth place with his Chester White gilt.

Victor Baumgart received two fifth places and one sixth on his Poland China sow and pigs. Lack of age was the limiting factor with his entries.

Elias Plonsky, a former agriculture student, received first place with his Duroc Jersey sow entered in the open competition. He also received several seconds, thirds and fourths. Elias started with a few pigs five years ago as a part of his agriculture in high school and today has one of the best herds of Duroc Jerseys in this section of the state.

Roger, Emerson and Victor made a fine showing since it was their first year with swine projects and their first experience at showing animals in competition with others.

Alfred Helgesen received sixth place on his garden exhibit. Several other boys had projects that could have entered in the competition, but were unable to go because of other work.

### U. S. P. on Drugs

U. S. P. on drugs means United States Pharmacopoeia, a work containing a list of accepted drugs and established standards for their purity, with directions for making preparations from them. The first edition of the U. S. P. was compiled in 1810 and has been revised every 10 years by a committee of physicians and pharmacists. It was made the legal standard by the national food and drug act January, 1907. The initials U. S. P. after the name of a drug means that the drug comes up to the official standard.

## New Fire Station Awaits Profits of Fall Festival

Palatine Fire Dept. Will Make Station Gift To Palatine

Members of the Palatine fire department look to the annual fall festival in progress this week until Sunday evening to be such a big success that the final amount needed to build a new fire station will be derived from the event.

Last fall the department offered the municipality \$2,000 for such a purpose. Original plans have been changed and more money is needed. The firemen hope to raise the balance during the present festival which is being held on grounds adjacent to the new high school.

This gift is not the first that the Palatine firemen have given to their community. A truck with pumper was presented several years ago.

At the present time the fire equipment is stored in the municipal building. The village owns a lot nearer the center of the business district, which will be utilized for the new building. As the municipality is not in a position to finance the construction, the firemen have offered the money to do the job.

All of the usual carnival attractions with a few extras thrown in are to be found at the festival, with valuable prizes being given away each night.

## Glenview Days To Be Celebrated This Saturday, Sunday

Glenview will celebrate the twenty-third anniversary of "Glenview Days" this Saturday and Sunday. The attendance at these celebrations increases each year. Last year's celebration broke all records when the Glenview Chamber of Commerce sponsored and built a "Model Home" to portray the advantages of living in suburban Glenview.

Another outstanding achievement was the recently completed swimming pool by the Glenview Park District, which will comfortably accommodate 670 to 700 swimmers. The population of Glenview has increased to approximately 2800 and for the first 7 months of 1940, over 70 building permits have been issued, totaling approximately \$650,000.00.

The annual celebrations are sponsored by the Glenview Chamber of Commerce. Games and contests, thrilling rides and a Mardi Gras Carnival help to make these days worthwhile. The Glenview Civic Orchestra under the direction of Jesse V. Stevens will give concerts each afternoon, and each evening. Earl Fredericks and his 12 piece orchestra will furnish music for the dancing. The Parent-Teachers Association will have charge of the cafeteria.

Frank Rugen is chairman of the "Glenview Days" committee. L. W. Coons vice-president, and O. J. Lamberg is secretary. The sub-committee chairmen are:

Program, R. H. Brunkhorst. Finance, Edwin F. Rugen. Publicity, E. F. Wallbaum. Concessions, Geo. Mayhercy. Electricity, Judd Lynn. Dancing, W. F. Hagen. Games and Contests, Ruth Van Steenberg. Registration, Arthur Allen. Police, R. J. Gould. Parking, Henry Lohmann. Grounds, Henry F. Mueller. Refreshments, Carl Ladendorff. Soft Drinks, Carl Rennecker. Prizes, L. W. Coons. Music, Jesse V. Stevens. Bingo, O. J. Lamberg. Public Address System, D. H. Little. Cafeteria, Parent-Teachers Association. Bar, Owen Barber.

### Steam Engine Sam

Samuel M. Vauclain of the Baldwin Locomotive works, Philadelphia, once estimated he helped build 60,000 locomotives.

### Fined for Voting

Susan B. Anthony, noted suffragette, was fined \$100 for voting in the presidential election of 1872. She refused to pay, saying that "Taxation without representation is tyranny."

## Obituaries

### John Markgraff

John Markgraff, 77 years old, died at his home on Golf rd., Des Plaines, August 14. Services were held Saturday from the Oehler Home for Funerals, Des Plaines, to the Immanuel Lutheran church of Des Plaines, the Rev. O. C. Boeckler officiating. Burial was at Ridge-wood cemetery.

Markgraff was born October 21, 1862 in Chicago. He was married to Louise Nobzine, April 1, 1893. They have lived at the Markgraff home the past 38 years. He leaves his wife and one daughter, Sophie Larson, and one son, William, both of Des Plaines, and five grandchildren.

### William Tegtmeier

Mr. William Tegtmeier was born in Palatine June 29, 1863. He was baptized and confirmed at the Highland Grove church.

On March 9, 1890 Mr. Tegtmeier was married to Miss Anna Drier by the Rev. J. H. Dorjahn at the Highland Grove church. Mrs. Tegtmeier preceded her husband to her eternal reward on March 26, 1932. One son was born to this union.

Mr. Tegtmeier lived most of his life in the village of Palatine. He has been ill for some time. He suffered an injured hip in a fall on June 28. A few days later he was removed to the Cook county hospital in Chicago. It was at the hospital where he was called to his heavenly home at 3:10 p. m. Saturday.

Mr. Tegtmeier had reached the age of 77 years, 1 month, and 18 days.

Mr. Tegtmeier leaves to mourn his departure his son, William F. and wife of Palatine; 2 grandchildren, Ruth and Robert Tegtmeier of Palatine; two sisters, Mrs. Herman Langhoff of Woodstock, and Mrs. Henry Othmer of Palatine; two brothers, Charles of Crystal Lake, and Herman of Chicago, and other relatives and a host of friends.

Funeral services were held Tuesday at 2:30 p. m. from the Danielson funeral home in Palatine. Interment was in Hillside cemetery, Palatine. Rev. W. P. Huebner, pastor of St. Paul's Evangelical and Reformed church in Palatine, officiated.

The pall bearers were as follows: Charles Schanning, Fred Gussewelle, Andrew Kettelsen, Isaac Blum, Henry Roper, Albert Collan.

### Melvin Nelsen

Melvin Nelsen, eight year old son of Mr. and Mrs. Ernest Nelsen, living at the Clover Hill Farm north of Lake Zurich on Rand rd., was fatally injured Wednesday morning, Aug. 14, when he was struck by a car while crossing the highway in front of his home.

Melvin was born June 13, 1932 in Barrington township. He passed away August 14 at the Sherman hospital in Elgin at the age of 8 years 2 months and one day.

He leaves to mourn his departure, his loving parents, Mr. and Mrs. Ernest Nelsen, one sister, Elizabeth and two brothers, Ernest, Jr., Richard and a grandmother, Mrs. Ella Hoelt.

Services were held Saturday at

the Lake Zurich Evangelical church, Rev. Freese officiating; interment was in Lake Zurich cemetery.

## New Addition Ready For Opening Of Northbrook School

The 1940-41 opening date of the Northbrook elementary and high schools has been officially announced as Monday, September 9. The usual summer maintenance program has about been completed at this writing and final touches on the first two floors of the new high school addition are being made in order that this new section will be in service.

The upper floor, which will be completed as needed, will not be in service during the fall semester but the two floors to be used will be completely ready on the opening day. These house the library, laboratories, shops and a teachers' rest room and students' rest rooms.

The addition is a beautiful Gothic structure, complete in every architectural detail even to the Gothic library furniture. Northbrook students and patrons will find a building to admire and of which they will be justly proud.

The office of the school will be open for advance registration Wednesday through Friday, August 28-30 and Tuesday through Friday, September 3-6 during the hours of 9-12 and 1-4 each day. Students already registered or who were in school last year need not appear again but all new students whether elementary or high school are urged to register before September 9. First grade children who will be six years of age during the school year are eligible to register. Should children who are not yet six prove too immature for school work the school authorities reserve the right to exclude them for the present.

The faculty for the coming school year will be as follows:

Norman E. Watson, superintendent of schools.

Helen Dierkes, home economics and girls counselor.

O. D. Roberts, science and boys counselor.

W. R. Eitherton, social studies.

Robert Mackey, shop and boys physical education.

William Lutz, Junior high English and boy's physical education.

M. C. Dahlberg, music.

Carl Schaeffler, art supervisor.

Mary Agnes Barber, English.

Juliet Ashley, Junior high English and librarian.

Helen Kutuzovich, languages and girl's physical education.

May Richards, mathematics.

Esther Smith, commercial.

Georgia Birtman, 6th grade.

Marian Dawes, 5th grade.

# This Week in Wheeling

LUCILE SCHNEIDER, Editor

Phone 40

Miss Marjorie Mohr is taking a week off from her nursing duties and visiting here at the home of her sister, Mrs. Frank Utpadel.

Mr. John Meyer and family of Elmhurst, visited his parents here on Sunday.

Mrs. Dalton Wright and two young sons returned home on Sunday from Des Moines, Ia., where they were called three weeks ago because of the serious illness of her father, Mr. C. Mease. He has been suffering from cancer of the stomach and was operated on during their stay in Des Moines. Although his condition is still very critical, Mrs. Wright felt it necessary to return home to prepare her boys for school.

Mrs. John E. Barrett entertained a sister-in-law from Decatur last week.

Dr. and Mrs. E. E. Gieske motored to Piper City, Illinois on Sunday.

Miss Jeanette Bentz of Chicago was a guest at the E. J. Welfin home several days last week.

Earl Schultz biked to Melrose Park last week with his cousin, Emil Goellner, who had come to Wheeling on his bicycle the week before.

Billy Lee and Bob Wright are also bike fans who pedaled to Des Moines on Sunday where they took in a show.

Mrs. Carl Dickhoff returned home from the hospital last week and her family and friends are pleased to note her rapid recovery.

The rattlesnake menace, which has increased very noticeably in this area, since the advent of the program of allowing the woodlands to revert to their natural wild state, is still a dangerous reality. Mr. C. Kraus recently bagged a good size rattler, which he has been keeping on exhibition.

Mr. and Mrs. Howard Stryker attended the wedding reception held for his younger brother, David and his bride at the home of their parents in Deerfield on Sunday evening.

Mrs. Walter Scanlon was hostess at a stork shower in honor of Mrs. Wm. Cokenower on Wednesday afternoon, August 14. Fifteen friends and relatives were present to enjoy the afternoon, bringing many beautiful gifts in pink and blue.

Mrs. Elizabeth Van Valkenburg, a resident of Wheeling many years ago, visited at the Mrs. C. Arnold home last week.

Mrs. Edward Gieseke enjoyed a visit from her sister from Rogers Park last Wednesday.

Mr. and Mrs. Dick Poelman moved from Wheeling last week and are making their home in Deerfield for the present.

The Homer Cokenowers of Chicago and Mr. and Mrs. Clifford Funk of Des Plaines, visited at the Bradford home on Sunday.

The Alfred Schwab family visited relatives at Melvin, Ill., on Sunday.

A group of Wheeling young people enjoyed the Chicagoand Music festival at Soldier's Field on Saturday evening.

Mrs. J. Pettigrew, the Misses Martha and Ruth Pettigrew and Mrs. E. Dethloff of Chicago, spent last Thursday at the Schneider home.

Miss Ingrid Nielsen returned home last week from a delightful vacation trip to the Black Hills. She accompanied her grandparents, Mr. and Mrs. B. Honeman and her uncle, Ben Honeman of Northbrook. The trip was a graduation present to Ingrid from her grandparents.

A group of friends gathered at the Lesch home last Thursday evening to help Ray celebrate his birthday which conveniently fell on his regular day off. However, a cop's time is seldom his own, and even birthday parties are subject to interruption, as his was by an accident call.

The John Nielson family attended a family gathering at the home of Mr. Nielson's parents in Northbrook on Monday evening, celebrating the recent marriage of his brother, Mr. Harry Nielson. Harry was married in Saint Paul, Minnesota, several weeks ago. His bride was Miss Mildred Cameron of Highwood.

The Carl Dugo family has moved into their new home this week.

The Stryker cottage on Wille ave. has recently been purchased by Mr. Harold Utpadel.

Having made a quick come-back from a recent attack of pneumonia, Mr. H. Gerschevsky was able to return to his sister's home last week-end, where he is convalescing.

The Howard Strykers accompanied friends to the Wisconsin State Fair at Milwaukee on Sunday.

Wheeling public school will begin classes Tuesday, September 3.

Miss Dorothea Grandt, who has been a patient at the Swedish Covenant hospital, Chicago, has improved sufficiently to return to her home.

## Four Injured In Front Of Pieper Home; Car Crashes Into Tree

The August Pieper family were roused from their sleep at 2:30 a. m. last Friday when a car crashed into the tree in front of their residence. Two young couple returning to their homes in Libertyville were the occupants of the car, all of whom were injured.

The force of the impact drove the headlight of the car back under the instrument board. One of the girls was thrown first through the windshield and then out onto the pavement when the door sprang open. State policemen who happened to be on duty at the time the accident occurred, took charge of the accident.

The county ambulance was called to remove the victims to a hospital. But for the tree, the car would have crashed directly into the front porch of the Pieper home which is on the opposite side of the street from the north lane of traffic.

## Flower and Garden Show For Northwest Club At Camp Grounds Aug. 29

The third annual Flower and Garden show at the Methodist camp grounds will be held in the dining hall and hotel Thursday, August 29. The Junior Circle of the Women's Auxiliary will again sponsor the show, which has expanded to a Northwest Regional show with nine clubs participating. The garden clubs invited are: Arlington Heights, Des Plaines, Park Ridge, Norwood Park, Edison Park, Edinburg, Park Ridge Garden Club, Edison Park Garden Club, and the Camp Grounds Gardeners.

The exhibits this year will include: Individual blooms, arrangements, house plants, luncheon and breakfast tables, unique features, and the camper's gardens. Luncheon tables must be reserved and two are being allotted to each club. All exhibits must be in for judging by 10 a. m. Thursday morning. The show will be open to the public from one to ten p. m. Six purple ribbons will be awarded to the outstanding entry in each of the six major groups.

Eight in the evening a style show, sponsored by the Juniors, will be presented by Gale's Dress Shop, 23 S. Prospect, Park Ridge. Fall college and business and mother's styles will be exhibited, modeled by members of the circle and Mrs. Oscar Carlson of Park Ridge.

General chairman of the Flower show is Miss Shirley Carlson of the camp grounds and Park Ridge and chairman of the judges is Mrs. Ralph Jacinth of 6647 Onarga ave. Edison Park. Luncheon and dinner will be served in the camp's private dining room to guests at the show if reserved in advance. Telephone Des Plaines 892. A free will offering will be taken at the door and during the style show to defray the expenses of the show.

## Honor Campers Look Forward To A Week In Wisconsin

The Honor Campers together with the members of the camp staff from Camp Oh-Da-Ko-Ta will spend this week in northern Wisconsin on the Honor Camper trip.

This year the camp is located on a piece of property belonging to the Kenosha Council on the Chippewa river eight miles north of Loretta, Wisconsin. The Honor Campers from the Northwest Suburban council are: Eagle Scout Klaus Timmerhaus of Troop 9 Palatine; Lynham Jones of Troop 2, Park Ridge and Howard Wertz of Troop 15 Niles Center.

The members of the staff are: C. J. Taylor, Scoutmaster of Troop 6, Des Plaines and Robert Wehrmann, Eagle Scout of Troop 6, Des Plaines and Scout Executive Donald E. Kyger.

# Northern Illinois District WALTHER LEAGUE

News items for this department should be mailed not later than Monday to Publicity Chairman, 304 N. Douglas St., Arlington Heights.

by ARLENE NAGEL

There are only a few days now before the International Convention will be in session. Everyone is all excited and looking forward to so much fun and comradeship. The delegates have made all last minute arrangements to check in at the hotel Saturday or Sunday or to take their luggage to the individual homes. A large number are anticipating the few hours spent in the North Western depot Saturday or Sunday as the official welcoming committee. Yes, sir, excitement is high and tickets, by the way, for the Choral Union concert, boat trip, and banquet are going fast. Either the president or secretary for each League has all these tickets so be sure and contact him immediately.

As promised last week here is the complete report on the appointment of our service chairmen in the zone. Christian Service, Erna Meyer of Des Plaines; Christian Knowledge, Wally Bloethner; cultural chairman, Ruby Koehler of Bensenville; leadership training, Harvey Rohlfing of Schaumburg; junior counselor, E. A. Abraham of Niles; field secretary, Wally Fill of Norwood Park; publications, Annette Bicknese of Itasca; publicity, Arlene Nagel of Arlington Heights; choral union, Mr. A. Schtleben of Higgins-Candfield; athletics, Eddy Raack of Des Plaines; his assistant, Ray Brandt

of Park Ridge; recreation, Dick Niemeyer, Arlington Heights; Wheatridge seals, Christine Maas of Norwood Park. Of course, you know that Ted Meyer of Arlington is president; Wally Fill of Norwood is vice president; Ruth Gehrs of Arlington is secretary; and Rev. Fedder of Des Plaines was voted our spiritual advisor. We know that this Zone Board is capable of carrying out the duties of each office and to the best interests of the Walther League.

We had a nice chat with Christina Maas and Dorothy Meggan at the Board meeting last week, and we find that Norwood Park has been exceedingly busy this past summer. Way back on July 25 the league went on a moonlight hike; or at least, they thought they were going on a moonlight hike. They rode to their destination, walked a little bit, and then rode back. Tsk, tsk, some ambition. But judging from my knowledge of some of the members of this league, I know that they enjoyed themselves immensely. Then on August 1 they went to Riverview Park in Chicago to spend an evening of fun (and shall I say "money?") Estes Avenue beach was the scene of their next social where the "gang" went for a swim and fun. Just to get a fore taste of the convention boat trip, the troop went on a moonlight cruise on the S. S. Roosevelt and report that the trip is very, very intriguing.

### Wheeling Center School Enrollment Is Monday

Parents of children attending the Wheeling Center school will be given a second chance to enroll their children on Monday forenoon, August 26, from 10:00 a. m. until 11:00 a. m. Please bring or send your child on that day as the books will then be ordered and be at school September 3. Those enrolling later will be asked to secure their own books.

Bring any books you wish to sell on August 26, or if you are already registered bring them September 3, the first day of school.

If you cannot enroll August 26, you may telephone William Lancaster, Arlington Heights 1327-R, and leave the information.

Congratulations to Mrs. Nels Rundgren who celebrated her birthday on Sunday, August 18. Mrs. Rundgren was greatly surprised when a large group of friends and relatives dropped in. She received many lovely gifts, and to say that everyone had a good time would be putting it mildly. Among those who did honor to the birthday child were Mr. and Mrs. Walter Hansen, and daughter, Hazel, of Chicago, Mr. and Mrs. Nees Sartow, of Delavan, Wisconsin, Mr. and Mrs. John Larsen and Mr. and Mrs. Claude Wilcox, of Villa Park, Mr. and Mrs. Melvin Siebert and little son, Johnny, of Naperville, Mr. and Mrs. Oscar Hagen and the Misses Nancy, Betty and Mary Hagen of Chicago, also her husband Nels, and two children, Elaine and Donald.

Congratulations to Mr. and Mrs. Stanley Berquist on the birth of a baby girl born to them about a week ago. Mrs. Berquist and the new baby are getting along very nicely. Mr. and Mrs. Roy Bolt and their children enjoyed a very pleasant day in Chicago last Thursday visiting with Mr. and Mrs. William Marshall, Mrs. Bolt and Mrs. Marshall enjoyed the day downtown having lunch and taking in a show. Both families enjoyed dinner at the Marshall home and Joan Bolt enjoyed visiting with the Marshall family for the rest of the week. Joan returned home Sunday bringing with her little Marietta Marshall who has been enjoying this week with the Bolt family.

Tuesday evening Mr. and Mrs. Harry Delano and daughter, Harriett, of Chicago and Mrs. Elizabeth Josetti, who has just returned from California after enjoying a nice long year and a half visit out there, visited with their niece and nephew, Mr. and Mrs. Roy Bolt.

Monday evening Mrs. Rauen's two sisters and their husbands, Mr.

and Mrs. Cloyce Jaques, of Chicago and Mr. and Mrs. Edward Goemans of Milwaukee, Wis., enjoyed a very pleasant visit. Ronnie Tweedie, nephew of Mrs. Rauen, returned to Milwaukee with the Goemans' family after enjoying two weeks visiting the Rauens.

Mr. and Mrs. Homer Torreyson drove up to Madison, Wisconsin on Tuesday forenoon. During the afternoon the folks drove back to Milwaukee and attended the State Fair.

Mr. and Mrs. Lester Bokerman and their baby daughter of Naperville, Ohio, are visiting with the Torreyson family, having arrived Thursday and they expect to leave for home Tuesday morning. Mrs. Bokerman and Mrs. Torreyson are sisters. Mrs. Patterson, mother of the ladies, expects to return to Ohio with the Bokerman family, and she will be greatly missed by the Torreyson family.

Congratulations to Miss Gretchen Swart, sister of Mrs. Orose, who celebrated her birthday last Friday. Gretchen entertained Wilma Mae Ball at Lois Ann Colley at a weiner roast in the back yard during the evening. Little Pepper Orose was also a guest at the birthday celebration. Gretchen has been visiting her sister and brother-in-law for the past two weeks, and expects to stay with the folks until Labor day before returning to her home in Springfield.

Tuesday evening Mrs. Orose entertained her bridge club at a weiner roast in the yard, and the ladies who had such a grand time were Mesdames Frank Smith, James See-Kamp, Thomas Smith, Arthur Luders, Misses Evelyn and Louella Schmidt, Ruth Miller, Evelyn Hanson, and Gretchen Swart.

### Bakers Of Park Ridge Conclude Camp Series

May and Armand Baker, the most frequent entertainers on the Methodist camp post-season series, will conclude the 1940 program on next Tuesday at 8 p. m. These gifted young people are returning for the third time with a combination of dramatic readings and violin solos.

May Baker, twice state winner in dramatic readings, and leading player in Maine township high school junior and senior plays, will give an original cutting of the "American Way." She has chosen this particular reading because of its timeliness and popular appeal. Armand Baker, just returned from the Boston Summer Symphony where he played first chair in the student section under Serge Koussevitsky, will play violin selections from his summer repertoire.

## City Objects To Evening Market

"Information that we have from the City Hall," states Farm Adviser C. A. Hughes, "indicates that the city administration has no intention of opening up Randolph Street for an evening market as a good many of our growers would like to have them. We have been searching for a plan that will, in a measure, substitute for the evening market and we believe a 2 o'clock opening for two months in the year during the heavy run will, in a measure, make up for the evening market which has apparently been permanently discontinued.

"In hearings before committees in the City Hall the recommendations of the Cook County Farm Bureau for a 2 o'clock opening have apparently received some consideration by the city council. We have information that the tentative new ordinance for Randolph Street Market provides for a 2 o'clock opening instead of a 4 o'clock opening from the middle of July until the middle of September. This has met with the approval of the South Water Street merchants who will then have the opportunity of coming to Randolph Street and bidding for their produce.

"There has been some feeling on the part of farmers that the city is seeking to close the Randolph Street Market. We have been assured they do not have any intentions of closing this market, otherwise they would not be going to the trouble of drawing up a new ordinance governing the market. However, the one official did have this to say, 'If the Randolph Street Market is closed it will be because we have found it impossible to get a small group of growers to cooperate in the orderly conduct of this market. We have asked farmers to stay off the market until it is opened at 4 o'clock. However, it is probable if violations of the parking ordinance continue the city will decide to close up the market.'

"There seems to be some misunderstanding about what truck farmers can or cannot do in the city. The city has certain rules and laws that they make. We may or may not agree with these laws. Nevertheless, farmers going on the market in Chicago are necessarily obliged to be governed by the rules and regulations with reference to streets, markets, etc. Some seem to think that continually fighting with officials, the market can be improved. It is probable this attitude has caused a lot of differences and difficulties we are experiencing at the present time. By and large most of the farmers who go to market have no difficulty at all, but a minority can talk a great deal and do a great deal of damage."

## Homemakers Save 'Pretty Penny' By Fixing Furniture

This is the success story of 2,513 homemakers living in 53 Illinois counties who saved themselves a "pretty penny" last year by re-finishing, reupholstering and recaning their furniture themselves. Giving them instruction and helping them get started Miss Dorothy Iwig, home furnishings specialist, University of Illinois College of Agriculture.

It is Miss Iwig's job to help homemakers work out their home furnishings problems so they can make their homes more attractive and comfortable at small cost. In doing this she travels to counties in the state where several homemakers would like help on the same task whether it is designing and fitting slip covers for all kinds of chairs and davenport or putting cane bottoms into down-at-the-heels furniture.

Estimating that each homemaker probably saved at least \$3 on every piece of furniture she reworked, that means at least \$7,539 was saved by these energetic housewives. Tables, chairs, pianos, cupboards, flower stands, picture frames, footstools and chests of drawers are the main articles which came under the hammer and

## Erosion Losses Shown By Silting Basin Experiment

Erosion is costing farmers in a 38,400-acre watershed near here eight tons of soil an acre annually, according to figures recently released by J. H. Burgess, superintendent of the Soil Conservation Service CCC drainage camp.

Burgess' statement was based on measurements of silt deposits over a three-year period in the 425-acre Kiser creek silting basin, which protects ditch and tile drains in the Sny Island levee drainage district against the clogging effects of erosion debris.

Silt depositions measured 1.2 feet in depth on the average over the entire 425 acres of the basin, the measurements revealed, indicating that more than 900,000 tons of soil had been deposited during the three years.

"All of this silt came from the 38,400 acres draining into the basin," Burgess explained, "and the basin didn't stop all of the silt that came down, either. A lot of it went on down the Mississippi."

He emphasized the need for immediate widespread adoption of such soil saving farming practices as contour tillage, strip cropping, terracing and the establishment of rotations which place emphasis on legume hay crops. All of these practices are being demonstrated by farmers cooperating with the University of Illinois College of Agriculture and the Soil Conservation Service.

needle, the paint and varnish scraper and industrious hands. One Hancock county homemaker told her home adviser, Miss Bernice Mitchell, that she had upholstered four footstools and one chair since she took the upholstering lesson. Another Hancock county woman boasted of refinishing her piano at small expense.

Not to be outdone, a Kane county homemaker refinished a large mirror removed paint from three walnut chairs, refinished and recaned them, refinished a cupboard and made an old picture frame into a mirror. Usually after getting started on one piece of furniture, the women are not content but go right ahead and fix up all the furniture in the house.

Among suggestions which Miss Iwig gives are, "If considerable time is to be spent in refinishing or reconditioning the furniture in any way, make sure the article is worth it in the first place. Sometimes the best idea is to repaint a piece of furniture, unless it is of good basic wood worthy of better treatment."

"Following directions accurately in removing old finish and application of the new. Commercial products give clear directions. Preparation of the surface to give a smooth finish is highly important."

Good quality cane is required for recaning chairs and the cane should be selected to fit the size of the hole. The shiny side of the cane should appear on the top of the seat."

The Health Department explains that the term "subject to contamination" means faulty construction of well tops or coverings, loose platforms, split base pumps, and loose well cribbing. Anything which allows seepage or entrance of surface water may produce serious contamination.

The Department of Public Health has a valuable circular, "Educational Health Circular No. 14" which shows how to remodel dug wells to assure a safe supply of drinking water. This circular is free on request to the Illinois Department of Public Health, Springfield. Additional information on how to safeguard water supplies, whether from dug wells, drilled wells or springs, is given in Concrete Information Sheet, "How to Protect the Water Supply." Copies available on request to the Portland Cement Association in Chicago.

## Accounts Show Four Big Items In Household Budget

Take it from 472 Illinois farm families, the four biggest items in the family budget undoubtedly are food, transportation, operating expense and clothing. Home account records kept diligently by these families during 1939 were complete enough, say home account specialists, University of Illinois College of Agriculture, that they may show other families where their money goes.

More than 1,200 Illinois farm and town families kept accounts in cooperation with these University specialists last year, but the records of the 472 families were so complete that they have been used for research.

Significant is the fact that no matter the size of the family or the income level up to the \$2,500 point, the "big four" items took the lion's share of the budget. Purchased food always ranked as the largest item of expense. On the \$500 and \$999 income level, purchased food came to \$119 while home-raised food was worth about \$245. On the \$1,000 to \$1,499 level, purchased food took \$177 and raised food came to \$304. On the \$1,500 to \$1,999 level, purchased food took \$219 and raised food \$339, while on the \$2,000 level, purchased food consumed \$371 and home-raised food equaled \$417.

The families found from their accounting that transportation either ranks second or third in their household budgets. The item went up this year over last because 80 families bought new cars and 10 families traded their old cars for later models. Families on the \$500 to \$999 level spent \$68 for transportation; those on the \$1,000 to \$1,499 level, \$199; on the \$1,500 to \$1,999 level, \$163, and \$200 and over, \$228.

Operating expenses, taking in fuel for heating the house, light, power refrigerator, telephone and water, household supplies and other items ranked second for those families having a \$500 to \$1,000 money value of living, third for the next two higher groups and fourth for the families with \$2,500 or more money value of living. The latter group placed a large portion of their funds in housing.

Clothing ranked fourth for all families except those in the \$2,500 and more group, and here it was pushed to fifth place by the housing expenditures of that group. Of the total spent for clothing, the largest share, or 41 per cent, was spent for children's clothing; 35 per cent for clothing for the wife and 24 per cent for clothing for the husband.

## RURAL DRINKING WATER

Well water on the farm is often subject to contamination never suspected by the owner. Recently the state sanitary engineer had occasion to pronounce water from a certain well unfit to drink. The owner indignantly remarked, "I have been drinking from that well for 40 years and I never got sick."

The sanitary engineer explained that adults very frequently build up a certain immunity to many disease germs found in drinking water. When neighbors come, however, and particularly neighbors' children, they often get sick from drinking "strange" water. Actually no water is "strange" if it is pure and free from contamination. The Illinois State Health Department has found many wells at country schools contaminated by surface water. The department inspected 1881 country school wells or other sources of water in 1937 and found more than 85% subject to contamination. It is not to be wondered at that apparently normal and healthy children have occasional and mysterious sicknesses.

These are often charged to ordinary tummy-ache and parents often think that children just have to be sick once in a while.

The Health Department explains that the term "subject to contamination" means faulty construction of well tops or coverings, loose platforms, split base pumps, and loose well cribbing. Anything which allows seepage or entrance of surface water may produce serious contamination.

The Department of Public Health has a valuable circular, "Educational Health Circular No. 14" which shows how to remodel dug wells to assure a safe supply of drinking water. #### Law on the Farm

(Continued from preceding page)

property, common property, or part ownership does not of itself establish a partnership... the sharing of gross returns does not of itself establish a partnership nor does the receipt of a share of the profits if it is received "as... rent to a landlord."

Whether or not a partnership exists as between the parties depends largely upon their intention.

A person dealing with farm owners and tenants is not bound by their intentions, however, and may judge from their actions and business set up as to whether there is a partnership. Each case must be considered by itself. As late as 1916 an Illinois appellate court held a livestock share arrangement to be a partnership. However, it appeared that in the particular case there was an intention to create a partnership. Also the Uniform Partnership Act had not yet been adopted. If the parties do not wish to create a partnership they should:

1. Have a written lease stating that no partnership is intended and specifically designating the landlord's share as rent.

2. Agree that mutual consent is necessary for major purchases and sales, or specify who shall have authority to handle various kinds of transactions.

This is not absolute insurance that the arrangement will not be considered a partnership, but it will add weight to the negative side.

Illinois law relative to partnerships is in Chapter 106½ of the Illinois Revised Statutes.

#### Hogless Hog Caller Wins Hog

Otis Kew, 29, a bathroom-trained hog caller who lives in a Peoria, Ill., apartment, is the champion of Illinois, says the Illinois Agricultural Association.

When rumors reached Otis that he might be barred from defending his crown because he had no hog, he aired his predicament on *We the People*, a nation-wide program, from New York City. Otis is shown with the 18-pound porker presented him during the broadcast. Otis is expected to whop again for the soy-summing crown at the Illinois Farm Bureau Sports Festival, August 30 and 31, on the University of Illinois campus.

Alice Faye with Henry Fonda (at left) and Don Ameche are featured in Darryl F. Zanuck's production of "Lillian Russell", the 20th Century-Fox hit picture which is based on the life and loves of the famous beauty and comes to the Palatine Theatre for 4 days starting Sunday. A great variety of short subjects on the same bill.

## Movie News.

### "Torrid Zone" and "Waterloo Bridge" at Des Plaines Sunday

James Cagney, Pat O'Brien and Ann Sheridan are the co-stars reunited in the cast of "Torrid Zone" which opens Sunday at the Des Plaines Theatre for a three day run. Double featured on the same program is the first screen appearance of Vivien Leigh. Scarlett O'Hara in "Gone With The Wind," since her triumph in that film. Robert Taylor is co-starred with her, and the picture is "Waterloo Bridge."

### Andy Hardy Now Meets A New York Debutante

"Andy Hardy Meets Debutante," showing at the Catlow Theatre, weaves a typical Hardy family tale of the comedy, romance and drama to be found in the average American family, and this time does it against the glamorous background of New York City. The picture involves Mickey Rooney, as Andy Hardy, in an hilarious attempt to crash the acquaintance of a dazzling Manhattan debutante with whose photograph he has become smitten back in Carvel. Lewis Stone, as Judge Hardy, gives one of his best performances as the small-town jurist who defeats the best legal brains in New York in a case involving the financial welfare of the Carvel orphanage. Fay Holden, Cecilia Parker and Sara Haden complete the "family" and Judy Garland scores as a sweet subde. Rachel Crothers' stage hit, "Susan and God," which enjoyed an eight-month run at the Plymouth Theatre, New York, before being taken on the road, affords Joan Crawford her finest starring role in years, as the self-centered and frivolous Susan, who adopts religion as a fad only to discover that she must fall back upon it in all

## News of Yesterday ...

30 Years Ago — 1910

FRIDAY, AUGUST 19, 1910

**Roselle**  
A baby girl arrived at the home of Fred Bormack, Aug. 11. Mrs. Wiese had his baby boy christened Edward Sunday. Miss Tillie Kuntz visited friends at Milwaukee several days last week. Henry Wilkening and wife visited Rev. Fred Wilkening at Unionville, Mich., last week. Gustav Voigtman of Rodenburg is spending several months with his daughter in London, England. Mail carrier Vass had the misfortune to break his ankle in a run-away accident last week near Mencham on the last lap of his route. Frank Koebelman was taken sick with diphtheria Aug. 7. We are all sorry to hear that our genial station agent, Mr. Foley, expects to leave us soon. Emil Westphal's force is building the new bridge on Maple ave, which will be quite an improvement to Itasca. Mrs. Wm. Schroeder, an old resident of Puttin Hill, died after a lingering illness. Bensenville

Lambert Freie was in Chicago on business Aug. 8. Mrs. P. E. Allan entertained her brother from Denver a few days last week. B. L. Franzen, Sr., was accorded the distinguished honor of being "Grandpa" twice in 24 hours. August 6 a boy was born to Mr. and Mrs. B. L. Franzen, Jr., at Itasca and the same day a girl was born to Mr. and Mrs. Albert Duntmann at Orchard Place. Palatine

Miss Stella Bennett is visiting in Dundee. Rev. Cady is visiting in Vermont for two weeks. Hutchins Hart is spending his vacation in Michigan. Miss Eloda Baldwin has returned from her Michigan visit. Prof. and Mrs. J. L. Sears are visiting relatives in So. Dakota. Tom Daniels is enjoying a vacation from his duties as mail carrier. Misses Elsie and Cassie Gainer have returned from their visit in Chicago. Mrs. J. W. Smith and daughter have returned home from their trip to Minnesota. Fred Haemker and family have moved into their home recently purchased of Chas. Patten. Miss Addie Elbert was operated upon last week at the Wesley hospital for appendicitis and is recovering nicely. Roy Born, Otto Runde and Misses Lydia Baker and Marion Taylor enjoyed a trip to Michigan City Sunday. Dr. Frank Olms and family visited his parents, Mr. and Mrs. A. S. Olms last week. Carl Baumgarten has been very sick. Mrs. Wm. Schweitzer and son returned Wednesday from two weeks' visit with her mother and sister in Indiana. Arlington Heights

Born to Mr. and Mrs. Laufer a daughter, August 2. Catherine Kellogg visited Viola Chidley at Des Plaines, August 7. Sidney Allen has gone to Winnipeg, Canada. Josephine Pitzner is home again from three weeks visit with Chicago relatives. Miss Mary Bartholomew returned home Saturday from visiting relatives at Aurora and DeKalb. Mr. Ernst Maizahn and Miss Tillie Graue were married at the bride's home at Fullersburg at 7 p. m. Sunday. Mr. and Mrs. R. Bray left Sunday for two months European trip. Louis Roehler, and wife and two daughters took a trip across the lake and spent a week at Michigan resorts on St. Joe river. Rev. and Mrs. J. T. Ford left Saturday for two weeks vacation.

### Wallace Beery Appears In Death Valley Film

Combining all the action and thrills of the best Westerns with the uniquely picturesque background of Death Valley and three sterling performances by those veterans, Wallace Beery, Leo Carrillo and Marjorie Rambeau, "20 Mule Team" emerges as one of the most thoroughly entertaining pictures of the year. It is screened Thursday, Friday and Saturday at the Palatine Theatre with "Stop, Look and Love." Saga of the pioneers who braved the Valley's treacherous heat to wrest a fortune from the borax mines, "20 Mule Team" presents Beery in his element as Muleskinner Bill Bragg, his most colorful and thoroughgoing characterization since "Viva Villa!" Eddie Collins brings his very special brand of comedy into a quick light room in "Stop, Look and Love," the 20th Century-Fox picture. Eddie's luncheon is the romantic spot where Jean Rogers and Robert Kellard, the sweethearts of the film, sit and sigh over a hamburger or two. Lillian Russell's one-time stage rival, Joseph Cawthorn, has the role of her music teacher, Leopold Danenh, in Darryl F. Zanuck's production of "Lillian Russell," built around her life and loves and the songs of her era. Cawthorn, as a matinee idol, once competed with her on Broadway but, although rivals in their profession, they were the best of friends. Several props used in the picture are gifts from Lillian Russell to Cawthorn's wife. The 20th Century-Fox picture featuring Alice Faye, Don Ameche, Henry Fonda, Edward Arnold, Warren William, Leo Carrillo and others comes Sunday, Monday, Tuesday and Wednesday to the Palatine Theatre.

**Arlington Second In Cub Baseball League; Plan All Star Game**  
As a part of the summer program for the cub packs of the Northwest Suburban Council, for the second year the cub softball schedule was played and Pack 203 sponsored by the Kiwanis club of Park Ridge, A. R. Herbert, Cubmaster, placed first in the final standing by winning 11 games. Pack 232 sponsored by the Arlington Heights P.T.A., Clifford Schanowski, Cubmaster, placed second, losing only to Pack 203 in the final game which was a very closely contested game and one packed with thrills for the audience and players alike. The standing of the remainder of the teams is as follows: 3rd place—Pack 214 sponsored by the Congregational church of Des Plaines, Dr. N. K. Laird, Cubmaster; 4th place—Pack 226 sponsored by the Sharp Corner P.T.A., Niles Center, W. S. Comstock, Cubmaster; 5th place—Pack 215 sponsored by the American Legion Post No. 320 of Niles Center, Lee R. Bair, cubmaster and Pack 202 sponsored by the Community church of Park Ridge, Jos. P. Riva, cubmaster and 6th place—tie between Pack 224 sponsored by the Holy Name Society of Park Ridge, J. J. Klocke, cubmaster and Pack 228 sponsored by the Morton Grove P.T.A., Edw. Renis, cubmaster.

A game will be played on September 21 between the winning team and an all-star game picked from the other packs participating and will be played at eight o'clock at the Park Ridge playground diamond. This will be the high-light of the season. The officials for the All-Star team are as follows: Manager, W. S.
